First Aid Supply Inventory Worksheet Class A Kits

Making first aid kits and first aid supplies easy and affordable online since 1999!

https://www.firstaidsuppliessonline.com 1-800-874-8767 We've made it easy to become a first aid supply do-it-yourselfer.

This worksheet contains the most frequently used industrial first aid products. It also lists all eighteen of the items required by the new ANSI Z308.1-2015 standard for a Class A first aid kit.

You can use this worksheet to determine what items you need to order. Print this PDF and take it with you to your first aid kit locations to do your inventory. Then, on your computer return to the interactive order form and transfer the numbers from your worksheet in to the interactive order form and then click "add to cart."

To help you stay compliant with OSHA regulations and the new ANSI standards we provide for your information:

- The line items in **bold** print are the eighteen items that are required by ANSI Z308.1-2015. We put them in bold type so you wouldn't overlook them. (These eighteen items are the minimum requirement for a workplace first aid kit.)
- Line items with an * to the left of the description are items that have expiration
 dates that need to be monitored. In order to stay in compliance with Z308.1-2015
 you are required to monitor these expiration dates and change out any product that
 has expired.

	you are required to monitor these expiration dates and change out any product that has expired.
